Assistant Director of Midwifery & Nursing, Dublin, Nurse, Contract: Permanent (Scad. 24 Gennaio 2012) Vacancy description:

Cpl Healthcare in partnership with its client are looking to recruit an experienced Nurse registered with both the General and Midwives division of the register of nurses kept by An Bord Altranais.

My client a large maternity hospital in Dublin has been providing maternity services to women and their families for hundreds of years. In addition to maternity services, my client offers extensive gynaecology services to women. They manage some very successful gynaecology clinics to their service users including world renowned infertility service, menopause, colposcopy and early pregnancy loss clinics.

The Person:

- Be registered in both the general and midwives division of the register with ABA
- Hold an appropriate healthcare related Primary Degree and a Masters Qualification is desirable
- Minimum of 5 years recent midwifery & nursing experience with at least 3 spent at CNM2 level or above
- Management Qualification desirable
- Knowledge of the health service with particular reference to professional development issues, midwife education and development, corporate and clinical governance and practice development.
- Knowledge of HIQA Quality/Hygiene Accreditation Process and other national quality initiatives, Legal Framework governing Healthcare, Data Protection/Information Management
- Excellent interpersonal and communication skills.
- Problem solving ability
- Exceptional organizational skills
- Strong leadership and persuasion skills
- Ability to promote evidence based decision-making.
- Monitoring performance standards
- Ability to conduct research and audit.
- Effective Change Management
- Patient advocate
- Identify and implement value for money initiatives

Annual Salary: negotiable
